TEN CENTS A WEEK

THREE LIVES ARE LOST BY CAPSIZING OF BOAT

Two Others Are Rescued After Thrilling Experience in Gulf of Mexico.

FORT MYERS, Feb. 11.—One of the saddest catastrophes in the annals of West Florida was chronicled yesterday, when news was received here from Naples of the loss out in the Gulf of Mexico of the lives of Charles G. Wicker and Ray Hackney, both of Chicago, and William Phillips of Naples. Wicker was passionately fond of sailing, and organized a party to go out on the Gulf Tuesday morning. He was repeatedly warned of the danger of going out in a stiff southwest wind, which prevailed at the time, his friends fearing the sail boat of the guide, William Phillips, was not large enough nor seaworthy. Mr. Wicker assured his advisors that he knew how to handle a sail boat, and that they need have no apprehension; however, he finally agreed not to go far from the shore.

With him were Capt. Oliver H. Dockery of the Twenty-fifth infantry of the United States army, Ray Hackney, Dr. Herbert Caldwell, of Louisville, Ky., and guide Phillips.

An hour or two after the party left the dock the boat capsized.

The story told by the survivors is one of thrilling heroism. It was about one mile from the shore, and from four to five miles south of the dock when the boat capsized.

After floating about on the side of the overturned sloop for a short time, Ray Hackney, who is the son of Henry C. Hackney, a banker and broker of 234 LaSalle street, Chicago, bravely volunteered to swim ashore on a broken spar to secure succor for his fellows in their desperate state.

The tide was running out and though the beach had been patrolled with men and boats for miles above and below the scene of the accident, nothing has been found of the courageous young man.

A broken spar was picked up about two miles from where the boat capsized and the remnants of the launch of the party was found on the beach

with the spar. There appears to be no doubt that he is lost. Boats are still out looking for him.

Dockery, Caldwell, Wicker and Phillips clung to the capsized boat all day Tuesday, being too far out to sea to attract attention.

Apprehension was not felt by Mrs. Wicker and her friends at Naples, because her husband had told her not to become alarmed if the party did not return at sundown, as they might conclude to sail on down the coast to Marco or Caxambos and remain there all night.

Late in the afternoon the mail boat passed within a mile or two of the wrecked party, but they were unable to attract attention.

Chilled by the water and exhausted by the effort of clinging to the capsized boat, Phillips fell off shortly after the mail boat passed and was drowned.

Seeing that Wicker was almost exhausted and that he could not long hold on, Capt. Dockery, with great courage and nerve lashed him to himself, never releasing himself until Tuesday afternoon. Capt. Dockery pushed the boat with a single oar toward the shore, hoping to reach the route of the mail boat as it was returning north next morning. With wonderful fortitude, he succeeded in doing this and early yesterday morning he and Dr. Caldwell, greatly exhausted, were picked up by the mail boat on its way to Punta Rassa. Both were brought ashore and restoratives given. The physicians in attendance say they will be all right by morning. The people at Naples are high in their praise of the bravery of Ray Hackney and Capt. Dockery.

Capt. Dockery undoubtedly saved the lives of Dr. Caldwell and himself by his calmness, courage and nerve.

The body of Charles G. Wicker was recovered the same time the mail boat picked up Dockery and Caldwell, and was shipped to Fort Myers yesterday afternoon.

NEGRO SAVED FROM WRATH OF THE MOB

TAMPA, Fla., Feb. 11.—Charley Crumley, the negro arrested on suspicion of being the man who attempted to criminally assault Miss Irma Newell Tuesday, was taken from the jail at Lakeland yesterday morning by a mob of one thousand men, bound to a stake, fagots were heaped about his body and oil poured over the mass, with the intention of burning him.

However, Sheriff John L. Logan, his brother, Alonzo Logan, and Special Deputy E. McCullen pleaded for calm action, and the negro, declaring he could prove an alibi, was spared.

Crumley was marched back to jail and a number of prominent men have sworn to prevent any further attempts upon his life. Many armed men are in the town. Miss Newell claims that Crumley looks like the man who attempted the crime, but is not certain.

Two companies of the Second Regiment, Florida National Guards, have been ordered to Lakeland from here to assist the authorities in protecting Crumley.

superintendent of the Anti-Saloon League of America.

Resolutions were passed indorsing the proposal to submit a constitutional amendment to the voters of the State for State-wide prohibition, and also extending thanks to Rev. W. A. Hobson for the use of the First Baptist church, in which the convention was held.

Officers were elected as follows:

Board of Trustees—W. K. Bartleson, A. D. Stevens, W. H. Simmons, J. H. McLaurin, Jacksonville; Rev. J. S. Silbey, C. M. Covington, Pensacola; C. A. Carson, Kissimmee; S. J. Hillburn, W. G. Tilgham, Palatka; J. M. Rivers, Gainesville; Don C. McMullen, Tampa; Rev. J. H. Richardson, Orlando; J. L. Jones, Arcadia; A. L. Islar, W. H. Coleman, W. D. Carn, Ocala; George F. Patterson, Eau Gallie; Fred M. Hudson, Miami; J. M. Pennington, Jasper, and George T. Davis, Tallahassee.

Headquarter's Committee—A. D. Stevens, chairman; W. K. Bartleson, J. H. McLaurin, W. M. Baker, W. A. Hobson, W. W. Cummer, E. O. Painter, Jacksonville.

General Headquarter's Committee—Brooks Lawrence, general superintendent; C. L. Collins, superintendent, Alabama; J. J. Thompson, assistant superintendent, Oklahoma.

First Vice-President—A. D. Stevens. Second Vice-President—J. S. Silbey. Third Vice-President—A. L. Islar. Secretary—J. H. Richardson. Treasurer—J. H. McLaurin.

The election of a president was deferred by the board of trustees until some later date.

Kalbfeld All to the Good.

Louis Kalbfeld arrived in the city Wednesday night to be here for the presentation of the Lyman Twins, which will make their appearance at the Baird theatre tonight. He came over ahead of time to assist the Ocala Aerie to initiate the Summerlin Aerie into the mysteries of the Order of Eagles, and being an old organizer was rapid and accurate in his work.

Taft Pleased With Program.

FORT EADS, La., via New Orleans, La., Feb. 11.—A wireless message from the battleship "North Carolina" says that President-elect Taft has declared the program outlined for his entertainment here agreeable in every way and that he will meet the committee eight miles below New Orleans at 1 o'clock this afternoon.

A Huge Turnip.

W. J. Goolbsy of Montecocha was in the city Thursday and made a pleasant call at this office, renewing his subscription. He brought along a mammoth rutabegga turnip, which was grown in his garden and demonstrates what can be raised at home in the vegetable line.

LAKELAND SUSPECT CAUGHT THURSDAY

Traced From Lakeland to Western Alachua, Where He Was Arrested By Sheriff Ramsey.

Jack Wade, the negro who is supposed to have committed the attempted rape on the young white girl, Miss Irma Newell of Lakeland, is now in charge of Sheriff Ramsey and Deputy Sheriff Scott, having been arrested yesterday in the western part of the county.

Sheriff Ramsey received a wire early yesterday morning to proceed to Newberry and meet the deputy, who was hot in pursuit of Wade and whom it is almost certain is the party that committed the crime.

Wade was raised in the western part of Alachua county, but has been

working in that place for the past several months for Mr. Newell, and as he suddenly disappeared suspicion was soon directed to him. Furthermore, the description given by the girl very much tallies with that of Wade.

Sheriff Ramsey, Deputy Scott and the negro were expected to pass through here last night en route to Lakeland, as the following message addressed to the sheriff at Lakeland explains:

"Jack Wade now in custody. Sheriff Ramsey with me, and will be there on the first train. SCOTT."

Cheers for Col. Bryan Caused the Gavel to Fall

WASHINGTON, D. C., Feb. 11.—With simple but impressive ceremonies the counting of the electoral vote for President and Vice-President occurred yesterday at a joint session of the Senate and House of Representatives, held in the chamber of the lower body.

William H. Taft of Ohio and James S. Sherman of New York were officially declared to be the choice of the people. The count consumed exactly forty minutes.

At the very outset Vice-President Fairbanks, who presided, was called upon to admonish the Senators and members that applause would not be permitted. This admonition followed Democratic manifestations over the name of William J. Bryan in connection with the vote of Alabama, the first State called. The Taft adherents, nevertheless, disregarded the admonition and liberally applauded the first mention of his name when the California vote was announced.

Stopped Cheers for Bryan.

The Vice-President-elect in his capacity as a representative from New York occupied his accustomed place on the floor and took great interest in the proceedings. The entire joint body stood until Vice-President Fairbanks brought his gavel down. Senators Burrows of Michigan and Bailey of Texas and Representatives Gaines of West Virginia and Rucker of Missouri acted as tellers. When Senator Burrows announced that Alabama had cast her full vote of 11 for William J. Bryan and John W. Kern applause broke out on the Democratic side.

Instantly Vice-President Fairbanks admonished the House, and there was

no applause when Bryan and Kern were again mentioned as having received the vote of Arkansas.

The Republicans broke into applause when Mr. Rucker, himself a Democrat from Missouri, announced that Missouri had cast her 18 votes for Taft and Sherman.

Nebraska's Vote Mixed.

The whole body laughed aloud when Senator Burrows misread the vote of Nebraska and put that State in the Republican column.

The tellers reported that William H. Taft and James S. Sherman had received 321 votes and that William J. Bryan and John W. Kern had received 162 votes. Only 242 votes were necessary to elect.

The Vice-President announced that Messrs. Taft and Sherman had received more than the requisite majority and that "this announcement of the state of the vote by the President of the Senate shall be deemed a sufficient declaration of the persons elected President and Vice-President of the United States, each for the term beginning March 4, 1909, and shall be entered together with a list of the votes on the journals of the Senate and House of Representatives."

The Vice-President then declared the business completed. Senators then shook hands with Mr. Sherman. Mr. Loudenslager, New Jersey, during a recess that was taken in the House, proposed three cheers for the Vice-President-elect, which was given with a will by Republicans and Democrats alike.

Someone started singing "He's a Jolly Good Fellow" and the refrain was taken up all over the House.

New Orleans Ready to Welcome President-Elect

NEW ORLEANS, Feb. 11.—All arrangements were completed last night for the reception of President-elect William H. Taft, who, with Mrs. Taft, and other members of the party that made the trip to Panama, is expected to land in this city this afternoon.

The President-elect sent a wireless message during the afternoon, saying that the "Birmingham" would meet the New Orleans river reception committee eight miles below the city at 1 o'clock this afternoon. This would give him ample time to reach the foot of Canal street one hour later.

A civil and military parade will fol-

low the arrival of President-elect and Mrs. Taft, and tonight they will occupy the box of honor at the old French opera house, where the Elites of Oberon will give their annual ball.

Friday morning a reception will be tendered the President-elect under the auspices of the colored Y. M. C. A., and Friday night a banquet will be given Judge Taft by 1,000 citizens of New Orleans.

The President-elect will leave for Cincinnati at 9:20 o'clock Saturday morning over the Queen and Crescent route. Mrs. Taft will leave about the same time over the Louisville and Nashville for Washington.

What Was Transpiring in Gainesville in 1876

(Gainesville Times, July 13, 1876—E. M. Hampton, Editor.)

Mr. I. Blumenthal was in the city several days last week.

What has become of the fire company that was organized a few months since?

The constant tap, tap of the hammer and the noise of the saw in the hands of the busy carpenter attest the growing prosperity of Gainesville. (Same now.)

Acce & Parker are now keeping on hand regular supplies of ice. (We now have two ice factories.)

At least 40 carloads of watermelons have been shipped from this place since the first of June and still the shipments continue. (Few people now grow watermelons here for shipment.)

Mr. Geo. K. Broome lost a fine horse last week under very peculiar circumstances. The horse was hitched to

a plow, and owing to the carelessness of the negro in charge he became entangled in the gear, and in his efforts to extricate himself fell upon the point of the plow, cutting a gash in his side from the effects of which he died in a short time.

Judge King and family have gone to Worthington Springs for a few weeks.

In our first issue we unintentionally omitted to acknowledge our obligations to Mr. Charles H. Berg, foreman of The Sun office, for his services in our behalf while procuring the material for The Times office. He selected our outfit and performed many other favors for us, for which he has our sincere thanks. (Mr. Berg is still living in Florida, being employed at his trade in Jacksonville.)

ANTI-SALOON LEAGUE HAS ENDORSED PROHIBITION

JACKSONVILLE, Fla., Feb. 11.—Three sessions of the Florida Anti-Saloon League convention were held yesterday in the First Baptist church. During the morning, afternoon and

evening sessions a number of addresses were made, the convention coming to a close with the night meeting, after the address of Rev. Mr. P. A. Baker of Columbus, Ohio, general

THE LYMAN TWINS.

Come to Baird Theatre in Big Musical Production Tonight.

One of the most enjoyable performances of the season will be seen at The New Baird Theatre tonight in the appearance of the Lyman Twin brothers, the famous twin comedians, and a large company in their elaborate new musical comedy, "The Yankee Drummers."

This superb production far surpasses all others in which these clever young comedians have yet appeared, being supported by some of the cleverest comedy entertainers today before the public. The production is a revelation in beautiful scenery, pretty costumes, a dainty chorus, sweet, simple music, clever dancing and wonderful display of electrical effects.

It was only through the personal efforts of Manager Kalbfeld that this troupe was booked for Gainesville—in fact, he was instrumental in getting them to tour this section of the South.

It has been almost impossible to get attractions of a high order this season, from the fact that very few attractions have been sent out, but in the Lyman Twins company Manager Kalbfeld feels certain that all will be satisfied. In a performance at Palatka last week this company played to a house almost twice as large as has been present at The Baird Theatre this season.

The prices for tonight are 25c, 50c, 75c and \$1.00, and a large audience is anticipated.

"THE LATE MR. JONES."

Local Players Made Big Success on Wednesday Evening.

Another success must be accredited to our amateurs for the work in the above-named play.

The usual large audience greeted the company, and taking into consideration the disadvantages of short rehearsals, everything passed off smoothly. Mr. Hudgins as "Gregory Graysin"

was easy and natural. Mr. C. H. Coles, a new face on the local boards, made a distinct hit as "Mr. Merry." Mr. J. F. Smith, as an old-time actor and photographer, played the part to the life—his make-up was perfect. Tom Stevens, as "Graysin's" clerk, looked and acted like the old toper he was supposed to be. F. T. McCormick, after a retirement of 17 years, emerged to show his friends that he was still able to tread the boards; as a detective he was there with the goods. Joe Dupree, as the office boy, was natural and his clever work surprised his friends. Gibbs Chesnut, as the butler, made quite a hit, in fact the two youngsters were "all to the good." Of course, Miss Ida Burklim, as "Mrs. Graysin," was easy, natural and charming, but we always look for that when she appears on the stage. Mrs. Denby as "Mrs. Hawke" was superb; when it comes to character parts she has few equals on the amateur stage and no superiors.

We now come to the last name on

the program—Miss Ethel Webster. As "Mrs. Merry" she was simply splendid. She not only looked but acted the part to the life. This was her first appearance on the local stage, and we feel assured Mr. Hudgins will appreciate the talent she has and give us an opportunity to see this clever little lady frequently behind the footlights.

The management is under obligations to Miss Alice Thomas for her assistance at the piano.

Electric Theatre.

Tonight at the Electric Theatre John Thompson will again give another of his laughable entertainments which will be equally as good as the one that pleased the large audience last night.

The performance last night was one that kept those present in a continuous jolly good humor and Mr. Thompson's representation of the different nationalities, rendition of popular tunes on various instruments, with

topical songs, could not be excelled by an entire theatrical troupe.

There is only one John Thompson and he must be heard and seen to be thoroughly appreciated.

"Hooligan" in New York.

"Hooligan," made famous by the comic newspapers, has been transferred to the stage and will be given a representation at The New Baird Theatre Monday night, Feb. 15th. It is a comedy-drama and has been vitalized by Sam Morris in a highly satisfactory manner; in fact, it is asserted that Mr. Morris' stage version of "Hooligan" and his adventures is one of the most able, laughable and interesting plays seen in many a day, and one that would score anywhere even if the hero of the cartoons were not the central figure.

A splendid company of comedians, singers and specialties are with "Hooligan" and the entire press wher-

TO COMPLETE LINE TO THE BRICK CITY

CAPT. COXE AND PARTY LEAVE FOR MICANOPY.

Will Form Part of State Geological Survey While Absent on the Present Trip.

Capt. N. H. Cox and party, consisting of eighteen of the University of Florida students, left Thursday afternoon for Micanopy and section, where they go to complete the direct line from this city to Ocala of the hard road connecting the two places.

There is still a small strip of this new route that has not been surveyed, and while the boys are in this section they will perform this work, which will better enable them in mastering their civil engineering duties.

While absent they will compose a part of the State Geological Survey and it will be their duty to look after much of the work in the interest of the State. They will be required to prepare maps and secure data on road material along the section they will travel for the next two days.

They expect to wind up their duties in this section by Saturday afternoon, and will return to the city next Sunday morning.

This is probably the largest proposition they have yet been put up against, but under the able supervision of Capt. Cox they will come out all right.

JUDGE WILLS DENIES OSTEEN-BEXLEY BAIL

CASE WAS ARGUED BEFORE HIM
HERE LAST MONTH.

Was Brought Up Under Writ Secured
by Defendants' Attorneys, Who
Sought Bail for Boys.

Judge Wills of this circuit has
rendered his decision denying Truby
Osteen and W. A. Bexley bail in the
case against them charged with the
murder of W. H. Moreland.

Through the efforts of the attorneys
of these two young men the judge was
required to hold a special session,
hear evidence in the case and render
his decision as to whether it was a
bailable case. Every effort possible
was put forth by the defendants' at-
torneys to secure their release on bail.

By the above decision it will be
seen that there is no possible chance
of getting the young men out until
they stand trial, which will come up
at the next term of court to convene
in May.

NEWS OF CITY AND COUNTY CONDENSED

L. E. Means left yesterday for a
short business visit to Fort White,
where he will be absent for a few
days.

J. E. Futch, after a short visit to
his family in this city, left yesterday
for Alachua to look after some busi-
ness matters.

E. Marçonny, deputy sheriff of
Alachua and editor and proprietor of
The News, was transacting business
in the city yesterday.

Miss Mary Manning of Micanopy,
who conducts a successful business at
that place, was among the visitors to
Gainesville yesterday.

W. F. Love and wife of Trenton re-
turned to their home yesterday. Mr.
Love has been confined in the hospi-
tal here for the past month, having
undergone a surgical operation.

Dr. Hundley Here.

Rev. W. T. Hundley of Batesburg, S.
C., arrived in the city yesterday and
will spend the next two weeks renew-
ing his many acquaintances, who are
pleased to meet him. Dr. Hundley
was for a number of years pastor of
the Baptist church in this city, and
it was through his untiring efforts that
the present handsome edifice was
erected. He has kindly consented to
fill the pulpit there on next Sunday,
when he will be greeted with a large
congregation.

FEEBLE OLD LADY Has Strength Restored By Vinol

Mrs. Michael Bloom of Lewistown,
Pa., who is 80 years of age, says: "For
a long time I have been so feeble that
I have had to be wheeled around in
an invalid's chair. I had no strength
and took cold at the slightest provoca-
tion, which invariably settled on my
lungs, and a cough would result. My
son learned of the cod liver prepa-
ration called Vinol, and procured a
bottle for me. It built up my strength
rapidly, and after taking three bottles
I am able to do most of my work, and
I can walk a quarter of a mile easily.
Every aged or weak person who re-
quires strength should try Vinol. I am
delighted with what it has done for
me."

As a body builder and strength crea-

NEGRO MURDERER IS CAUGHT BY WYNNE

DEPUTY OF NEWBERRY PICKS UP
ANOTHER MAN WANTED.

Negro Confesses His Guilt Freely to
Officer Who Arrested Him
on Charge of Murder.

Deputy Wynne of Newberry has
made another valuable catch by ar-
resting a negro who is wanted by
the authorities of Levy county on the
charge of murder.

George Johnson and Smith Cole-
man became involved in a difficulty
at Port Inglis on January 29th, when
Johnson succeeded in shooting his
man and killing him, afterwards
fleeing from the scene. He had not
been apprehended until Deputy Wynne
made the arrest Tuesday.

Johnson freely confessed his guilt
to the deputy, but claims that he was
justified in the killing, as will be pro-
ven when the proper time comes at the
next term of circuit court in Levy
county.

The authorities of Levy county have
been notified, and in the meantime
the negro will be held pending their
arrival.

ANGORA GOATS WILL BE PUT TO NEW USE

TO CONSTRUCT FIRE LINES ON
NATIONAL FORESTS.

Work of the Little Animals May Final-
ly Solve Troublesome Problem
to the United States.

Three thousand angora goats herded
out on the brush-covered foothills of
California are going to do some hard
work for Uncle Sam during the coming
years, beginning this spring. The ex-
periment will be unique, both as a
stock-raising proposition and as an en-
gineering and tree culture problem.

The little white animals whose long
wool is of such great value are going
to be put to no less a task than con-
structing mile after mile of fire line
through the bushy chaparral growth in
the national forests, saving much la-
bor by the United States Forest Ser-
vice engineers and making way for
forestation by merchantable trees. Not
the least important feature of the ex-
periment, which for the first two
years will be confined to the Lassen
forest, is the fact that the task will
be performed during the regular graz-
ing by the goats, which will not even
realize they are doing a valuable work.

Plans for carrying on the work are
outlined in a co-operative agreement
drawn up by the Forest Service and
the owner of a band of angora goats
grazing on the Lassen National For-
est of California. The scheme is to
run fire lines parallel with the con-
tour of the slopes by cutting trails
about eighty rods apart. These trails
are to serve as guides for the angoras.
They will graze in each direction from
the trail, killing, it is estimated, a
strip of brush about 300 yards wide.
The wide lanes cut out and grazed by
the goats will serve as ideal fire lines
in protecting the forest-covered lands
beyond and around the chaparral
areas, and also make a place for repro-
duction of merchantable trees.

For the past two years the Govern-
ment has been carrying on permanent
improvements in the national forests
on an extensive scale, and the con-
struction of fire lanes and trails has
been one of the most important features
of the work. The task of clearing
the ground and providing land for
good forest trees is, however, perhaps
the most important benefit expected to
come out of the experiment.

The proposed work of the angora
goats may finally solve the chaparral
problem which has been troublesome
in the State of California for many
years. The bushy chaparral growth
chokes out seedlings of valuable com-
mercial trees which may get a start
and when dry is one of the worst kinds
of fire risks. Often a small blaze
which starts in it gains such headway
in a few minutes as to travel hundreds
of yards and lick into valuable stands
of merchantable timber.

The protection to be afforded by
the goat-built fire lanes, therefore,
may at last bring relief to the State,
which in the past has had its full
share of timber loss through destruc-
tive fires. At the same time a large
amount of chaparral will be killed
out to make room for the growth of
good trees that produce lumber. If
proven successful at the end of two
years the work will be carried to na-
tional forests in other sections where
chaparral has choked out good forest
trees and created a dangerous fire
risk.

That's the way you feel about the
lungs when you have a hacking cough.
It's foolishness to let it go on and

TELEPHONE TALKS

The Long Distance System

One of the most valuable features
of our service, to our subscribers and
to the public generally, is our connec-
tion with the extensive long distance
lines of the American Telephone and
Telegraph Company and the other as-
sociated Bell Telephone companies.

We own thousands of miles of long
distance lines in the seven States in
which we operate and in addition can
connect any telephone in our system
with lines extending to any other city
in which a Bell Telephone system is
operated.

These long distance lines are of the
most modern and improved construc-
tion and are maintained at a high
state of efficiency. The Bell systems,

operating in various sections of the
country, are uniform in their equip-
ment and in their methods of oper-
ating.

Only by reason of this close traffic
arrangement between the Bell Tele-
phone companies is it possible to go to
a Bell Telephone almost anywhere,
ask for "Long Distance" and be put in
communication with almost any point
in the country.

This vast network of wires, radiat-
ing throughout the nation, is used
daily in commerce and for social pur-
poses by the banker, the farmer and
citizens in all walks of life and our
plant here is an important link in this
great chain.

President Joseph McCrea of the Pennsylvania Railroad is visiting the East Coast resorts.

The first crate of tomatoes to be raised on the Okeechobee lands and placed on the market was brought in Saturday by George Hurd. They were placed on sale at the G. G. Strohm Company's store, and were said to be the finest tomatoes they had received this year. From now on tomatoes, beans and cucumbers will be brought in regularly from these lands to supply the local market here and to be shipped away.—West Palm Beach Sun.

Climbing into the rigging to mend a spar, Carpenter M. Anderson, of the Norwegian steamer "Thelma," died as he was engaged in his work, the steamer crossing the bar on its way to Gulfport for cargo. This fact was discovered a few moments afterwards when the body was seen to fall forward and catch in the rigging and become suspended. Members of the crew went aloft and found the chief carpenter dead. The steamer returned to port and after sending the body ashore and arranging for the funeral, proceeded out again on the voyage to Gulfport.—Pensacola Journal.

Miss Vivian Dame was the lucky winner in The Star piano contest, which closed at 10 o'clock Monday night. The excitement was intense and quite a number were present during the counting of the votes. Miss Dame's majority was over one hundred thousand votes. Quite a number of the friends of Miss Ethel Haycraft, who made such a splendid race, and the editor of The Star have ordered another piano exactly like the one won by Miss Dame, and it will be shipped direct to Miss Haycraft as a gift from her friends. Miss May Bell Rutland of Rutland won the piano among the out-of-town contestants.—Ocala Banner.

Thomas Hartley, who came near ending his life Tuesday at Summer Haven, with an overdose of laudanum, is improving, and has about overcome the effects of his mistake. Mr. Hartley had been suffering excruciating pain from an ulcerated tooth, and being at Summer Haven and out of reach of medical assistance or relief, took some laudanum. This failed of relief and in desperation he took a larger dose, which nearly caused his death. The man was hurried back to St. Augustine on the mail launch and by heroic treatment he was brought

ASTHMA VANISHES

So Does Catarrh, Croup, Hay Fever and Bronchitis.

Hyomei is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomei. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe a particle of air through your nostrils, Hyomei will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and smother, when J. W. McCollum & Co. will guarantee Hyomei to cure or money back. \$1.00 is all they ask for a complete outfit.

"I have used Hyomei for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hyomei is far ahead of any of the others, and has my hearty endorsement."—Mrs. M. S. At a recent meeting of the St. Augustine Board of Trade a communication from Mr. J. E. Ingraham, asking for the consideration of the use of petrolium paving in the future improvements to city streets, brought up an important subject which will doubtless prove of value and economy to the city in future. Mayor Masters indorses the project and recommended that the material be given a trial and that the parties interested be requested to send on the necessary material and machinery so that a sample of the paving material can be laid at a convenient point and tested both for city and county use. Mr. Ingraham was appointed a committee of one to take the matter up with the proper parties.

THREE EMPIRES.

Governments That Practically Sprang Into Being Overnight.

Prior to Jan. 18, 1871, the German empire, as we know it today, had no existence. Instead it was a jumble of kingdoms, states, duchies, grand duchies and principalities, all joined together by a like language and common political aspirations. It is true, but otherwise quite separate and distinct.

Then came the historic ceremony in the Hall of Mirrors at Versailles. Paris had just been captured by King William of Prussia, and it was held to be a fitting time and place to proclaim him the first German emperor. Never since the dawn of history was an empire born more dramatically.

By a strange irony of fate, too, its birth took place amid the ruins of the French empire, itself the creation of a day, or, rather, to be strictly accurate, of a night. France went to bed on the evening of Dec. 1, 1851, a republic. When it awoke next morning it was an empire. During the hours of darkness Paris had been occupied by troops, and the prince-president had become Napoleon III.

Equally sudden and almost as sensational in its way was the birth of the modern Greek empire. After the yoke of the Turks had been thrown off in the war of independence the country became a republic. But the people soon tired of that democratic form of government and promptly proceeded to assassinate their first and only president. Then they met together, elected a king and settled themselves down to be ruled by him in a quite orderly and contented fashion.—San Francisco Chronicle.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

A Man of Letters.

"Did your friend make a hit at the literary club?"

"I guess he did. He pronounced 'Les Miserables' in a brand new way and then alluded to it as Victor Herbert's masterpiece."—Washington Herald.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not gripe or nauseate. Why take anything else? J. W. McCollum & Co.

Thank You.

In my fairly long and checkered life I have been accused of many things, some things justly, perhaps, but I have never been justly charged with ingratitude, or of wilfully hurting or wounding anyone. I am deeply grateful to my many friends who have aided me in the production of "Charley's Aunt" and "The Late Mr. Jones," and if during the worry and bother of the work necessary for the successful presentation of them, I have in any way been rude or discourteous, I sincerely ask forgiveness. I also wish to thank each and everyone who attended, for their lenient criticisms and kind support.

Yours gratefully,

Napoleon's Bible.

An Italian journalist has the copy of the Bible which Napoleon used during his compulsory sojourn in the Isle of Elba. It is a copy of a cheap popular edition, illustrated with rough wood cuts, with the initial N. and the imperial crown stamped upon its back. A number of texts are underlined, and the inference is that the exiled emperor searched the Scriptures for passages appropriate to his misfortune and his hopes. "I will smite the shepherd, and the sheep shall be scattered," is perhaps the most significant of them. The Bible was discovered in the sanctuary of the Madonna del Monte, in Elba.

A Hummer.

HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Kind Hearted Waiter.

A surprising experience was that of a lady who received a bit of advice on table etiquette. She is sufficiently free from vanity to tell the story herself. She says:

I know that I am not a person of impressive appearance. I am inclined to be short and stout and to dress plainly. Still, I had hoped that I had an air of acquaintance with polite society. But now I shall be more modest than ever in my idea of the impression I make upon strangers.

At my first meal at the hotel where I passed last summer I was pleased with the face of my waiter. It was radiant with kindness and good nature. I began my dinner with soup and fish. As the waiter set them in front of me he glanced at the persons of fashionable appearance who were my neighbors at table. His kind heart was suddenly struck with the fear that I might make an unfortunate impression on them. He bent down and whispered in my ear:

"Eat your soup first."

Isn't there something which only a want ad. can do for you today?

Men and Women Unanimous About It.

Many women weep and wall and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CURRENT COMMENT.

The Montgomery Advertiser says: "The appropriation of twelve thousand dollars to purchase and maintain autos for the President shows how we are advancing. By the time another President succeeds Taft we suppose flying machines will be provided for him."

The Washington Post says: "Some day, perhaps, when civilization is older, and we are not so much like children whose eyes are dazzled with the tinsel and glitter of performing clowns in a circus ring, we shall be able to look with equanimity upon the doings of our gilded rich. We shall let our kings of finance and our queens of social swiftness frolic as they like, and not so much as the notice of a batting eye will we give them. But until we get used to them and their whims we shall still gape with awe at their monkey dinners, marvel much at all their antics, and wonder if these glorious beings 'garbed in light' can be human like ourselves."

The Louisville Courier-Journal says: "The State of Nevada, with about a third of a man to one square mile, was admitted to the Union in order that two new Republican Senators might appear at Washington. The transaction was a job pure and simple, and, like the pleasant vices of the poet, it has come back to vex its perpetrator. That this State, which has been aptly described as the one mistake made by the nation in the organization of States in the Far West, should have the power and the will to embroil the United States with a friendly power; that it should, gratuitously and quite uselessly, attempt to legislate away the treaty rights of the subjects of a foreign nation, is not only an anomaly, but an absurdity most flagrant."

The Houston Post says: "The negro's future in the United States is going to be determined by his efficiency, industry and thrift. If the prophecies of those who predict his expulsion or extermination are ever fulfilled it will be because he failed to become an upright, useful, honest, self-reliant, efficient factor of our population. It would be the lasting shame of the South if history should ever say justly of us that we withheld the opportunity for him to save himself. The world must say of us that in the midst of difficulty we discharged the moral obligation resting upon us in good faith and courageously. The salvation of the negro is a matter for the negro himself to determine after we have performed our full duty, and we must perform the duty and let the results take care of themselves."

The scenes attending recent executions by the guillotine, in France, have been a painful reminder of the Reign of Terror in that country. The singing of ribald songs, gleeful dances and shouting and other acts indicate that the old passions are still distinct. The recent experiences will probably determine the French government to order that in future all executions be privately performed.

The bill now pending in Congress authorizing pensions for civil employees serving for extended periods in the Philippine Islands may be designed as a temporary measure for the purpose of "trying it on the dog." If the principle is a sound one as applied in the Philippines, would it not be equally so here in the United States?

The blind tigers had better keep close to their lairs. Sheriff Ramsey is on their trail.

Built upon a foundation of gold ore, a seven-story bank building is in course of construction at Colorado Springs, Colo. Many hundred tons of low-grade ore, running in value from \$1 to \$3 a ton, have been shipped from the mines and dumps on Bull Hill, in the Cripple Creek district, to Colorado Springs and used in the massive foundations for the Exchange National Bank building. The ore has no mineral shipping value, but it makes an exceptionally strong building material when mixed with cement. The total value of the gold in the foundation is estimated at \$2,000, the cost of a modern cottage. It is doubtful if there is another bank in the country which rests literally on a foundation of gold.

The tide of immigration seems to have turned as the result of revival in trade in this country. Ships coming from Germany bring more steerage passengers than they did a short time ago. Italian immigration is also likely to receive some impetus as the outcome of the earthquake in that country.

The gloom of disaster is usually relieved by acts of heroism. This was notably the case in the collision between the "Florida" and "Republic." The heroic spirit was general distinguishing crews and passengers alike, and, as usual, the American women showed their natural self-possession and courage.

For City Marshal.
To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.
Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

PROGRAM FLORIDA WINTER CHAUTAUQUA..

Gainesville, February 16-28, 1909

What the Forum was to ancient Rome the Chautauqua has become to the United States of America, with the difference that there was only one Forum while in America almost one hundred Chautauquas are in active operation in all parts of the country, and the number is rapidly increasing as the years pass.

In other years people of the villages, hamlets and country could only read of great statesmen, orators and preachers, but they could rarely see or hear them without taking long journeys. Now, by means of the Chautauqua, the best and greatest talent in all the world is brought at insignificant cost to the very doors. The Chautauqua idea is one of the greatest educational and cultural forces in the country. The inspiration derived from it is a guide to the pathway and a lamp to the feet of thousands.

The great reforms which have recently swept over our country are largely traceable to the presence of the strong men who have spoken so fearlessly on the Chautauqua platform in the last dozen years, and the millions of people who have listened at these annual meetings to listen to them have had their consciences so awakened that they have demanded that there in authority should institute these reforms.

The Chautauqua Movement is thoroughly undenominational, and here people of all creeds and parties commingle thoughtfully and lovingly. The Chautauqua is organized on high ground and has high aims. It appeals to the thoughtful and cultured, and seeks to displace some forms of amusement which are unwholesome and fraught with danger.

More and more in these strenuous days people feel the need of a little vacation. Earnest people are hardly willing to waste time in a vacation which does not bring them a little intellectual uplift, hence the phenomenal growth of the Chautauqua idea. A Chautauqua is a benediction to any community in which it abides. It appeals in its varied program to both young and old, and is certain to cultivate high ideals of living and thought.

Under entirely new management the Chautauqua for the sixth annual session now appeals to the citizens of Gainesville for its support. The program is the strongest and best which has ever been offered, and includes in lectures and music and other features the very best which genius can devise or money procure. It offers at insignificant expense fourteen days of supreme enjoyment. The holders of season tickets get for a few weeks lectures and concerts which ordinarily would cost them not less than a dollar. Every right-minded citizen of the community should give to this enterprise, which stands for things which are high and lofty, their loyal support and co-operation. It offers fourteen days of supreme enjoyment and uplift. It will add to the fame of the good name of Gainesville, and will attract many visitors from abroad who will come for the sake of the Chautauqua.

The program of the present year is one of great strength and pleasing variety, and is so varied that all tastes are certain to be satisfied. A glance at the rich feast which is to be spread before you in the facts which follow:

LECTURES.

GOV. ROBERT B. GLENN of North Carolina. The most brilliant Southern orator since the time of Henry Grady. A man who has done things. Swept his native State for prohibition and won out in his fight for the two-cent rate against the railroad corporations. A large-hearted Christian gentleman who owes his influence to all great reforms and whose eloquent voice and sterling worth have won for him a national reputation.

MRS. LA SALLE CORBELL PICKETT, the gifted wife of the late General Pickett, whose charge at Gettysburg made him immortal. She tells in matchless fashion the story of the charge. She has achieved national reputation on the platform and is one of the most eagerly sought for Chautauqua lecturers in the country.

ROSS CRANE, the famous cartoonist and clay modeler. He is incomparable in his artistic and novel work. It is the most complete and most artistic one-man performance on the platform.

PROF. J. ERNEST WOODLAND, the well-known scientific lecturer, who brings with him the most expensive apparatus which completely crowds the platform. During his lectures on "The Absolute" and "Wireless Telegraphy," two of his themes, scores of brilliant and marvelous experiments are performed. For a number of years he has been the foremost Chautauqua lecturer in America.

DR. WITT MILLER, for 20 years the most eagerly sought for Chautauqua lecturer the country has had. A man of infinite knowledge and wide information. He is not only a strong lecturer, but a witty one. It is not possible to secure a more popular lecturer. His work will be greatly enjoyed.

WILLIAM STERLING BATTIS, the Dickens interpreter. He stands unrivalled in his line. Much of his work is done in character and he brings you face to face with the well known characters which Charles Dickens in his stories has made so famous.

DR. S. R. BELK, a coming man of the platform. His lectures always catch and hold the crowds. While humorous and witty, there is still an under-current of good sound philosophy running through all his lectures. They are inspiring, helpful and stimulating.

DR. D. W. HOWELL, now General Field Secretary of the Chautauqua Movement. A man of rare ability, who conducts Round Tables, giving all information concerning the Chautauqua Movement, and also gives delightful literary lectures, and will have a share as well in the Bible work.

WIRT LOWTHER, a lecturer who has the art of saying things in such fashion that people are entranced and carry away with them much that will brighten and bless the after days.

DR. W. L. DAVIDSON, who, from the very beginning, has been the satisfaction of all, arranged the splendid programs for Gainesville, will be present during the early days of the Chautauqua and will not only help in its proper starting, but will also present one or two of his very popular lectures, illustrated by stereopticon views.

MUSIC, READINGS AND NOVEL ENTERTAINMENTS.
ROBLEY MALE QUARTETTE. A company of delightful singers, who have won their way in all parts of the United States, and give unbounded satisfaction. Their repertoire is unlimited. Each member of the quartette is a fine soloist. They deal much in humor, and Mr. Robley, the manager, is a very clever reader and impersonator.

LADY WASHINGTON QUARTETTE of Chicago, Ill., will be present for four days. Every member of the quartette is a soloist. They also have a delightful reader. Their programs are full of pleasing variety. This quartette is without a peer.

MISS LENA WALBRIDGE, a delightful whistler and reader. Her clever work will give pleasing variety to the program, and

she will be heard frequently in connection with the concerts and as preludes to the lectures.

MR. WALLACE BRUCE-AMSBURY, one of the best known readers, who is a whole show in himself, with an orchestra thrown in. He is one of the cleverest monologists on the platform, and is particularly pleasing in his French-Canadian dialect. His presence will be greatly enjoyed.

MRS. LOUISE MORGAN-AMSBURY, a lyric soprano with an exceptionally sweet voice. She has appeared with success at many Chautauquas.

GOSS-BARTELL COMPANY, including W. Robert Goss and Miss M. J. Bartell of New York City. They will be present for a week, and each evening will contribute at least a share of the program, furnishing preludes in connection with the lectures when they don't give an entire evening. They have with them one of the best and latest Moving Picture Machines, and have a score of the finest Pictures manufactured, many of them beautifully colored. Many stereopticon views will also be given interpreting such well known creations as "The Sign of the Cross," "Parsifal" and "Hiawatha." There will also be secular and religious illustrated songs presented by Miss Bartell. The strength of this delightful company cannot be overestimated. They appeared at a series of sixty Chautauquas last summer, and were said to be the crowning event of the entire season.

DEPARTMENT OF INSTRUCTION.

Definite educational work is not to be overlooked, and some of the morning hours will be given to those things which will contribute help to the thoughtful and the devout.

BIBLICAL HOUR.

This will be in charge of Dr. W. W. Davis, superintendent of the Chautauqua at Mountain Lake Park, Maryland. Great Bible themes will be discussed. At the morning hour the keynote will be struck for the day, and the Book of Books will be magnified in all the work of the Chautauqua. Dr. Davis will also have charge of the platform, and in his own good way will introduce the attractions from hour to hour and will give direction to the conduct of the Chautauqua.

SCHOOL OF HEALTH AND COOKING.

This has become a leading feature with all well ordered Chautauquas. For a week it will fill the morning hour. Two enthusiastic and capable workers have been employed to give direction to this line of work.

Dr. Carolyn Geisel, who stands without a rival in America, will give her helpful health talks to cover the first half hour of the work, and the second half hour will be occupied by Mrs. Minnie Emmons, who will present a series of cooking school lessons with demonstrations.

THE CHAUTAUQUA HOUR.

Conducted by Dr. D. W. Howell, General Field Secretary of the Chautauqua Movement, who travels from point to point in behalf of this great work. He is a superb talker, and will present varied and interesting themes in his own taking way. These themes will be outlined in the detailed program. All needed information concerning the Reading Course will be given. Literature will be distributed, and opportunity will be offered for enrollment in the Chautauqua Literary and Scientific Circle.
